

MSA Gallet F1SF Helmet

MSA – The Safety Company

MSA, the world leading manufacturer of high-quality safety products, supplies urban search and rescue teams, police forces, armed forces and fire services worldwide.

Renowned for quality and innovation the company also offers a full range of ancillary products to accompany their helmets.

The ultimate in head protection

Initially developed for the full protection of fire fighters, the F1SF has become the first choice helmet across many different industries faced with highly challenging working conditions. EN443:2008-approved, the F1SF helmet sets the new standard for head protection and comfort for the professional recovery operator.

Part No: 12429 One size only – adjustable

Colour: White. Other colours are available to order

All with reflector strips as standard (not shown)

Complies with EN443:2008, CE marking

A full Accessories and Spare Parts list is available on request

Eye shield

Retracts into top of helmet. See inset photo above

Retractable integral full face shield

With metallic coating. Meets EN14458:2004 - Optical class 2 for use in long lasting operations. High resistance to impacts, radiant heat, flame and chemical products. Face shield can be flipped up to create a peak at the top of the face aperture

Optimum comfort

Internal cradle net (not visible) cushions head and improves breathability with helmet. Foam comfort padding

3-point chinstrap

With automatic buckle and adjusting straps for optimal stability, with 4-position options to fit all wearers perfectly

Lamp mounting

Three versions of an optional Helmet Mounted Lamp are available. Please see facing page for details
