

NINJA[®] HPT™ Ice HV

Superior Grip and Dexterity

DESCRIPTION

Ninja[®] HPT™ Ice HV is a thermal resistant glove, based on Ninja[®]'s HPT™ Technology. It provides superior grip and dexterity in extremely cold, wet, oily and dry conditions. The glove is clearly visible even in dim and fading light.

FEATURES

- **COATING** – Proprietary HPT™ coated palm and fingertips that remain soft and flexible in temperatures as low as -50 °C.
- **COMFORT** – Exhibits extreme cold flexibility and is highly comfortable in cold applications.
- **SUPERIOR GRIP** – High dexterity in cold and wet applications.

PROPRIETARY TECHNOLOGY

HPT™ - Superior Grip and Dexterity

The Hydropellent Technology (HPT™) is a unique proprietary coating that repels liquid and provides excellent grip in wet, dry and oily conditions. The HPT™ offers secure handling gloves that are lightweight, have superior grip and dexterity, whilst being supremely comfortable. Further, this unique coating has “encapsulated air pockets” which absorb and mitigate the effects of light vibrations.

SMART TECHNOLOGIES
