

NINJA[®] MULTI-TECH[®] PVChem

Speciality Hand Protection

DESCRIPTION

Ninja[®] Multi-Tech PVChem is a tough yet flexible PVC coated glove especially formulated for high resistance against corrosive chemicals, oils and grease. The granular texture of the coating provides excellent grip in wet, dry and oily applications. Increased thickness gives additional wear and abrasion resistance.

FEATURES

- **CHEMICAL RESISTANT** - Chemicals including corrosive chemicals, oils and grease.
- **HIGHLY ABRASIVE** - Increased thickness gives additional wear and abrasion resistance.
- **FLARED GAUNTLET** - Flared gauntlet helps in removing the glove more easily and comfortably.
- **SEAMLESS LINING** - Cotton knitted seamless lining with elastic yarn.

TECHNOLOGY

MULTI-TECH

MULTI-TECH - Speciality Hand Protection

Ninja[®] Multi-Tech range of products features an array of multiple speciality technologies customised to specific hand protection needs across varied applications.
