quadBlock

Series

Description:

Hearing protection users demand a high level of comfort, excellent noise reduction properties as well as ease of insertion. quadBlock is a universal size ear plug, designed to be used repeatedly, with maximum comfort and effectiveness. Safety and health professionals demand an ear plug which is easy to administer and offers a high level of hygiene.

quadBlock acquires excellent attenuation, high visibility color that is easy to monitor and a sturdy, stylish handle that every user would like it.

Features:

- A four flange design that allows this ear plug to fit almost all forms of ear canals
- An ultra-soft polymer provides a comfortable and effective seal
- A sturdy cord with enough length to work without hassle
- Material is resistant to ear wax and will outlast PVC ear plugs
- Polymer is non-allergenic/irritating for sensitive skin
- Hi-viz color makes it easy to monitor & enforce proper ear plug usage

Fitting Instructions:

INSERT rounded tip into ear canal WHILE PULLING your ear outward and upward with opposite hand. ADJUST for greatest noise reduction.

REMOVE the ear plugs slowly by twisting them to break the seal. If you remove them too quickly, you could damage your ear drum.
