*Start using
your head - use
iMPactor, the
Helmet of Choice!*

*Be ready for the debris that
industry drops on you and meet it
head on! Stay focused on what you are
doing and let Impactor do the protecting. iMPactor™ II
- solves the problems your head encounters!*

www.canasafe.com

iMPactor™ II protective helmet is tested and approved according to European standard EN397:1995.

IMPACTOR™ III

Optional "Twizloc" harness features Canasafe's unique "Swivel" design - ensures correct nape placement

Air flow between shell & harness eliminates heat build up. Ventilation ports are positioned on top of the shell.

"Grip Pads" for safe donning

ABS Shell offers extremely high impact performance

Incorporates Canasafe™ SAP Technology (Energy Absorbing Points)

Slot attachments are located on the balance point of the helmet ensuring maximum wearer comfort.

IMPACTOR II utilizes an extremely high impact lightweight ABS shell, blended with UV inhibitors. Reinforced side and back channeling provides added strength whilst accommodating a "recessed" gutter. On the inside is the industries most wearer friendly harness - six textile bands interlocked with SAP technology, along with Pushloc™ or Twizloc™ adjustment systems. Replaceable sweatband is standard.
